## FOR IMMEDIATE RELEASE

### **Coastal Center for Developmental Services, Inc. awarded its fifth three-year CARF accreditation**

**Savannah, GA (January 4, 2010)** — CARF International announced that Coastal Center for Developmental Services, Inc. (CCDS) has been accredited for a period of three years for the following services:

- Community Services: Community Integration
- Employment Services: Community Employment Services: Job Development
- Employment Services: Community Employment Services: Job Supports
- Employment Services: Community Employment Services: Job-Site Training
- Employment Services: Organizational Employment Services

The latest accreditation is the fifth consecutive Three-Year Accreditation that the international accrediting body has awarded to CCDS.

This accreditation decision represents the highest level of accreditation that can be awarded to an organization and shows the organization's substantial conformance to the CARF standards. An organization receiving a Three-Year Accreditation has put itself through a rigorous peer review process and has demonstrated to a team of surveyors during an on-site visit that its programs and services are of the highest quality, measurable, and accountable.

CARF is an independent, nonprofit accrediting body whose mission is to promote the quality, value, and optimal outcomes of services through a consultative accreditation process that centers on enhancing the lives of the persons served. Founded in 1966 as the Commission on Accreditation of Rehabilitation Facilities, and now known as CARF, the accrediting body establishes consumer-focused standards to help organizations measure and improve the quality of their programs and services.

Coastal Center for Developmental Services is a 501(c)3 non-profit organization with offices at 1249 Eisenhower Drive. It has been providing employment and day habilitation services to adults with developmental disabilities in the Savannah area since the early 1970's. Its subsidiary, Quantum, Inc., operates four small businesses that serve the community: Quantum Catering, Quantum Printing, Quantum Packaging Assembly, and Quantum Specialized Assembly.
